AMENDMENT IN REISSUE APPLICATION 37 C.F.R. §1.121(b)

Sir:

In response to the Office Action mailed September 14, 1999, please amend the above-identified application as follows:

IN THE CLAIMS:

Please amend the claims as follows:

20. (Amended) A method of attaching a side shield to a temple of an eyeglass frame, [said temple having a recess formed therein] said method comprising the steps of:
placing said temple in a channel forming part of said side shield; and thereafter
creating a friction fit between said channel and said temple to prevent said side
5 shield from moving relative to said temple.

22. (Amended) The method of claim 21, wherein said temple has a recess formed therein and said step of creating a friction fit between said channel and said temple comprises the step of inserting a pin into both an opening formed in said side shield and said recess.
